AGAN Mentors

Hi, my name is Roos and I'm 20 years old. I'm so happy that I'll be one of your four mentors for the upcoming AGAN. I'm Dutch and I've lived in a small village near Utrecht my entire life. Last year I decided that I wanted to join Sefa and specifically AGAN, I did so and along that, I did the career week junior committee, where I learned so much about how to organize a formal event with big companies.

I met a lot of people in AGAN last year and I'm proud that I can call them my friends. In a city where I knew no one this was by far one of the best choices I made coming into my student life.

Every month there is at least one event organized by social committees and it is possible to meet so many new people in a more fun and not so formal setting. Also, later in the year those are moments where you can catch up with all your friends and relax a bit and also the most important part, have lots of fun!

Hey guys, my name is Marek and I love the fact that I will be your AGAN mentor! When I flew to Amsterdam from Poland - not knowing the city and UvA, joining Sefa was the best choice I could make. The amount of great people I met is nearly as high as the amount of free drinks I got at many Sefa parties and lifelong memories I made. When I was not partying, I attended various events where I spoke with professionals and had a chance to enrich my perspective on the future of my career. Also, as a part of the AGAN committee, we all got a chance to use our skills in practice and organize events and parties like no other - which is what you will have a chance to do this year.

To be honest, I wanted to be an AGAN mentor just so I can experience everything all over again. I am happy I will be able to do it with you!

Hey! I'm Joana and I'm 19 years old! As a Portuguese girl that came to Amsterdam not knowing a soul, I joined Sefa in hopes that it would facilitate meeting and socialising with people in the same situation as me. I was a part of the AGAN committee. Where I was able to meet so many 1st years and I can definitely say it surpassed all my expectations, as most of my friendships were formed here, both with Dutch students and internationals. I'm very happy to say that I will be one of your 4 mentors for next year and want to make your first year an amazing experience full of good memories. This makes me a person that wants to help you with all your concerns related to any topic. Besides the social front, Sefa offers great opportunities regarding the academic front and is a very good way to join extracurriculars and distract yourself from the pressure of being a first year. Through all the parties and academic events, by joining the AGAN committee I can say that your 1st year at UvA will be unforgettable!

Hey! My name is Jan, I am 21, originally from the Czech Republic - Prague. I am super excited to be your new mentor next year. Last year I joined Sefa through AGAN (the As Good As New committee) and have had a blast ever since. It gave me a feel of belonging at the university and I met great, inspirational people that eventually became my closest circle. The AGAN committee is here to make your first year unforgettable as you will travel, drink and enjoy the student life together. All the fun also comes with a bit of responsibility. Personally, I organized a Grand-ball dinner, which was both fun and intriguing to work with bright people from all around the world. In my free time, I enjoy traveling and doing sports - mostly martial arts (so I got your back). Within Sefa, everyone is always up for a talk, so if you have any issue or just wanna have a little chat, reach out to me! I can't wait to get to know all of you. See you soon at our amazing events!

Sefa organizes **social events** throughout the year to give all members the chance to get to **know each other** well in the most fun way.
